In re Patent No. : 7,049,910
 Issue Date : May 23, 2006
 Application No. : 09/812,288
 For : CIRCUIT INTERRUPTING DEVICE WITH
 RESET LOCKOUT AND REVERSE WIRING
 PROTECTION AND METHOD OF MANUFACTURE

Certificate of Correction Branch
 Commissioner for Patents
 P. O. Box 1450
 Alexandria, VA 22313-1450

**REQUEST FOR CERTIFICATE OF CORRECTION OF PATENT
 UNDER 37 C.F.R. 1.323**

Sir:

It is certified that mistakes appear in the above-identified patent which occurred in good faith. The patent is hereby corrected as detailed below:

(1) Column 16, line 55, (in claim 1) after the word "of:" insert in paragraph form the phrase

--manufacturing said circuit interrupting device in a reset lockout state; --,

(2) Column 18, line 49, (in claim 6) change " steam" to -- stream --.

Referring to item (2); this mistake is of a typographical nature.

Referring to item (1); in the "Response after Non-Final Action" dated 05-31-2005; claim 3 (Claim 1 in the issued patent) is identified as being "CURRENTLY AMENDED" and includes, on line 4, the phrase "manufacturing said circuit interrupting device in a reset lockout state;".

Still referring to item (1), in the "Amendment after Final Rejection" dated 09-30-2005, claim 3 is identified as being "PREVIOUSLY AMENDED". Therefore, claim 3 in the Amendment after Final Rejection should be identical to claim 3 in the Response after Non-Final Rejection. But, through a mistake which occurred in good faith, the phrase "manufacturing said circuit interrupting device in a reset lockout state" was not included in claim 3 in the subsequently filed Amendment after Final Rejection.

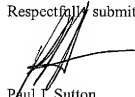

Clearly, while claim 3 is marked as being PREVIOUSLY AMENDED, in the Amendment after final Rejection, it is not identical to claim 3 in the "Amendment after Final Rejection"

The absence of the phrase " manufacturing said circuit interrupting device in a reset lockout state" in claim 3 in the Amendment after Final Rejection is of a clerical nature which occurred through inadvertence and in good faith, and does not constitute new matter or require reexamination of the patent. Therefore, correction under 37C.F.R. 1.323 is respectfully requested.

A Certificate of Correction for the above-identified patent has been prepared and is enclosed hereto. Approval of the Certificate of Correction is respectfully requested.

The commissioner is hereby authorized to charge the fee required under 37 C.F.R. 1.20(a) to Deposit Account No. 50-1561 of Greenberg Traurig, LLP. Any deficiency in or over payment of fees relating to this Request should likewise be charged or credited to Deposit Account No. 50-1561 of Greenberg Traurig, LLP.

Respectfully submitted,

Paul J. Sutton
